Inauguration of the New Wing of HCS – 1 October, 2021

National Achievement Survey –Class VIII & X

The National Council of Educational Research and Training (NCERT) conducted a National Achievement Survey-2021 on November 12, 2021. It is an Assessment Framework for gauging the competencies attained by the student's vis-a-vis learning outcomes. Holy Child Sr. Sec. School was selected as one of the schools to conduct this survey in school premises. Students of classes VIII and X participated with great enthusiasm. The Survey surpasses the academics and includes the background variables to correlate students' performance in different learning outcomes vis-a-vis contextual variables. These findings would help diagnose learning gaps of students and determine interventions required in education policies, teaching practices and learning. With the findings derived from these diagnostic report cards, NAS helps in capacity building for teachers and officials involved in the delivery of education. NAS gives a system-level reflection on the effectiveness of school education. Findings also help to compare the performance across the spectrum in order to find the desired direction for improvements.

National Level - 1st position

Yashvi IX B
won 2 gold medals in nationals
-Lathi competitions

Gunjan XI D
won 2 gold medals in nationals
-Lathi Competitions

Mental Health Week

Various activities under the World Mental Health Week were organised by counselling and learning centre of Holy Child School from October 7, 2021 to October 10, 2021 virtually. The event focused on enhancing human quotients such as happiness quotient, emotional quotient, social quotient and the adversity quotient. Plethora of activities were conducted to address the same, such as reflection on Happiness Instances for classes Nursery to Class I; 'How students helped themselves in uplifting their emotions?' for Class II-V; Ways in which students define mental health for themselves and others for classes VI-VIII; 'How resilience helped them in their lives?' for classes IX-XII. Open Mic on Mental Health: Season 2 was also held on October 10, 2021 for classes IX to XII which gave the students a 'Safe Zone' to express their thoughts, ideas, experiences around self-acceptance, sensitising people to listen to what is said and unsaid cry, facing their fears, body-image etc.

Holy Child Sr. Sec. School, Tagore Garden, New Delhi Virtual Career Fair on 23-10-2021

GRANDE 2021

On 22 and 23 October 2021, Career Expo – 'GRANDE' was organised for students of classes X and XII. 'GRANDE' is an initiative to enable students to interact with India's leading Institutions', Universities' representatives and counsellors to know about career options available after Class XII. The sessions revolved around skill building, careers in liberal arts, careers in STEM and STEAM, Careers in Science, Commerce and Arts, Resume Writing and SOP and orientation to various universities. These sessions were highly enriching and full of interaction and enthusiasm.

On 12 and 13 November 2021, Career Expo- GRANDE was organised for students of classes IX and XI. The sessions focused around personality development, interest exploration, skill building, communication and writing skills, and orientation to various national and international universities. Eminent professionals helped the students to expand their horizons and prepare them for better decision-making skills.

GRANDE: 2021 ANNUAL CAREER FAIR

Career Expo

Blessing Ceremony

On 24 September a blessing ceremony was organized to seek Lord Almighty's grace, abundance and glory to prevail and flourish in the institution.

HCS MUN

MUN was first introduced in HCS in the year 2016 and since then, the conferences have become a tradition and evolved in many ways. Conducted on the 1st, 2nd and 3rd of October 2021, the first ever online edition of HCS MUN was certainly an event which impacted the participants as well as the organising committee members alike.

This year's event albeit conducted in unprecedented circumstances was no less than the previous editions. Organising the conference while the communication medium was completely online; presented challenges that were unknown to us before. However, with continuous support from our Respected manager

Reverend Sister Divya, Respected Principal Sister Mallika, the school administration, our teachers and the incredible team who paid attention to details it was a delight for me to be a part of the Secretariat. An orientation was organised for the delegates preceding the days of the MUN as an introduction as well as a session for them to clear their questions regarding the procedure. Constant communication with the participants ensured that all queries were heard as well as taken care of. HCSMUN'21 was officially declared open on the morning of 1st October following a wonderful opening ceremony which consisted of performances and comparing done by Poorva Sharma (XII-B), Japleen Kaur (XII-C), Merlin George (XII-B) and Shubhangi Seshadri (XII-C). After the delegates joined their respective committee meetings, the Executive Board members ensured that the rules of procedure were clearly explained. Since many delegates were participating in an MUN for the first time, it was important for us to ensure that every committee was functioning well. Over the two days of debate, all delegates participated with enthusiasm and eagerness. The third day was dedicated to draft resolutions and papers as well as the closing ceremony. This was followed by the performances given by the Bhangra Group of class XII and Bharatnatyam performed by Sarojini P Sabu (X-B) and the event was concluded with the prize distribution ceremony. The most awaited results were then announced by the executive board members. Soon after, the HCSMUN'21 conference was declared closed which was followed by the school song.

MUNs are first entry point into international affairs that introduce students to the wide range of peace and security, human rights, development and rule of law issues that are on the UN agenda. Keeping the very same ideals and values as that of these international organisations in mind, the organising committee crafted an event which would help the students in broadening their perspectives so as to become better global citizens in the future. The organising committee hopes that the MUN was as much of a learning experience for the delegates as it was for them.

Pallavi Nair XII B

GANDHI JAYANTI

On 1 October, 2021 a special online assembly was conducted to commemorate the birth anniversary of the Father of our nation, Mahatma Gandhi. All the children enthusiastically participated in the event and contributed through their talent and creativity. They paid tribute through thoughts and hymns dedicated to Mahatma Gandhi's spiritual and motivational life. The students through their thoughts influenced everyone to find peace, strength and courage in testing times.

DUSSEHRA

“May Lord Rama bless you with strength and courage to follow the path of virtue and righteousness. “

The festival of Dussehra celebrates the victory of good over evil in a valorous and auspicious manner, all over India in different forms. The festival every time reminds us of the strength that is portrayed through truthfulness and goodness.

The HCS family celebrated this festival on 13 October, 2021 with immense joy and hopes that the essence of the festival influences the students and guides them in the right and virtuous direction.

GURU NANAK JAYANTI

Vaand Chhako: Sharing whatever God has given you with others and helping those who are in need

Kirat Karo: Means, make a living honestly.

Naam Japo: Chant the name of 'True God'.

An online assembly was conducted to celebrate the birth anniversary of Guru Nanak Dev ji on November 18, 2021. It is said that this guru was responsible for shaping the beliefs of the Sikhs. Guru Nanak, the first guru of Sikhs proclaimed, “I am not a Hindu, nor am I a Muslim. God is One”. Even though it is a major festival of Sikh religion, it is celebrated throughout the world by people of diverse cultures.

DIWALI CELEBRATIONS

On 3 November, 2021 a Special online assembly on Diwali, the festival of lights, was conducted by Neeti Squad. The festival of lights that enlightens the hearts and brings joy, was celebrated with zeal and enthusiasm. The assembly commenced with an address by our Principal, emphasising the importance of Diwali through which we all light up new, bright and colourful dreams, fresh hopes and undiscovered ways. This was followed by a short skit in which students spoke about Lord Ram's return to Ayodhya after vanquishing the demon king Ravana in a battle. A short poem was also recited to emphasize the need to celebrate a peaceful and green Diwali and to save Earth from excessive noise and air pollution. Primary students were also dressed up as various characters from the Ramayana signify the importance of all the special days associated with the festival.

CHRISTMAS is the most

wonderful time of the year

Christmas is Giving

“It's not how much we give but how much love we put into giving.”

A quote by St. Mother Teresa that completely justifies the immense love and happiness we find in celebrating Christmas with the members of Dharma Bharati and Aadarniya Group of old Ladies. Just like every year, Christmas celebrations were held like every other year with members of Dharma Bharati on December 20, 2021 and with Aadarniya Group Members on December 22, 2021. Students and Teachers as well as students of HCS had made generous contributions to make these Christmas Celebrations more meaningful. Gifts in the form of sweaters, monkey caps and socks were shared with the adopted elderly women of the school. The event began with a prayer song followed by hymns and Christmas songs. The ladies danced to the tunes of melodious bhajans and sang joyfully various songs. Food packets were also distributed and everyone prayed for the good health and happiness of the world amidst these unprecedented times.

St. Mother Teresa, who showed Christ to millions of people by serving the poor and destitute in the streets of Kolkata, once said, “Not all of us can do great things. But we can do small things with great love.” To celebrate the joy of Christmas, the teachers of Holy Child School visited Tamanna, a home for the destitute women on 22nd December 2021. As they reached the destination located at Najafgarh, anxious faces were waiting to receive them. In all, there were 32 female inmates of the home who welcomed them with their smiles. After the warm reception, gifts were distributed among the inmates. Their wide, bright smiles were testimony to the fact that they enjoyed the company with warmth and happiness. It was then time to regale them with carols, the flavour of the Christmas season. As they sung the carols, the inmates clapped and some even sang along. It was then the time to have some fun. Bollywood music was rolled out and the inmates joined in with a jig, singing songs and dancing to the beats. Sisters at Tamanna also narrated their heart-warming stories and while looking deep into their eyes, one could feel their hope for longingness and how much they missed their families. It was a merry moment at Tamanna that couldn't be forgotten. After wishing them Christmas greetings, teachers of HCS bid adieu looking forward to their next visit.

Sing-A-Long Christmas Carols

Christmas Celebrations with Compassionate Missionaries (ISBT)

“Real happiness doesn’t come from getting everything you want. It comes from sharing what you have with other people.”

The teachers of HCS family had the privilege to visit the Compassionate Missionaries, Antodya Niketan, Charitable Society, ISBT on December 23, 2021. Run by Fr. Ravindra Jain C.M with the support of some young boys this place holds out hope for abandoned people. The teachers’ experience was a remarkable one which had surely left an impression on their minds. We often tend to crib about various trivial issues in our life but this visit taught us to cherish the most important things in life. The selfless, serving and jolly nature of Father was noteworthy. Regular check-ups are held for the people there and they were given proper hospitality and care. Our HCS family offered the institution some staples and grocery items as a part of Christmas Celebration. The institution profoundly appreciates and offers its deepest gratitude to Father for giving us an opportunity to help the people in need making in turn our lives worthwhile.

BIRTH ANNIVERSARY OF ST. BARTOLOMEA

PEACE- The Most Fundamental Requirement

"Peace is the only battle worth waging." Peace is the basic need of any nation. An eye for an eye, a tooth for a tooth will make the whole world blind. Survival is becoming harder every day in this world. Cruel intentions rise due to greed and many unhealthy reasons. Peace is not only better than war but also, infinitely pacifying. Every religion in this world teaches us to live in peace and harmony. Peace does not mean to be in a place where there is no noise or no trouble. It means to work in the middle of those things and still be calm in your heart. Do everything quietly with a calm spirit. Do not lose your inner peace for anything. "Peace is our gift to each other."

Vedika Bhatt
VIII-B

Resilience

When a virus had us all in turmoil
When vicinity was the only way to survive
When we could find no vents to escape or hide
And when life worries us to heights

Remember

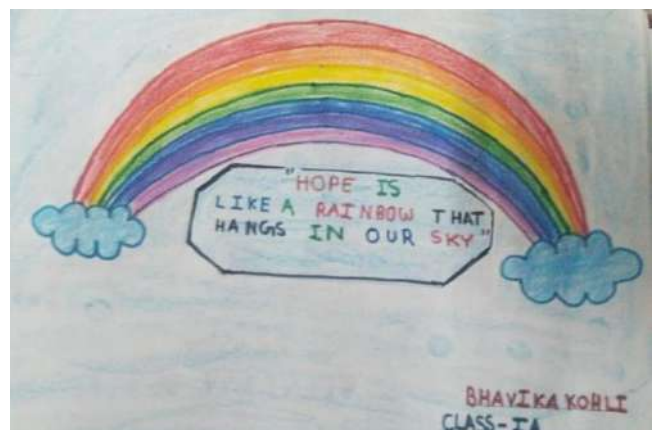

We are in this together and we shall strive.
United we stand and divided we fall, says the wise
Let us 'break the chain' and soar high
This too shall pass and victory will be ours.

Shreya Joseph, XI B

HOPE: THROUGH TEENAGE GAZE

Plenty of times in our life, we experience situations that are difficult to handle and it just seems easy to stop midway. The feeling of Hope never lets you give up, whereas helps to dream and work for what we want to cherish.

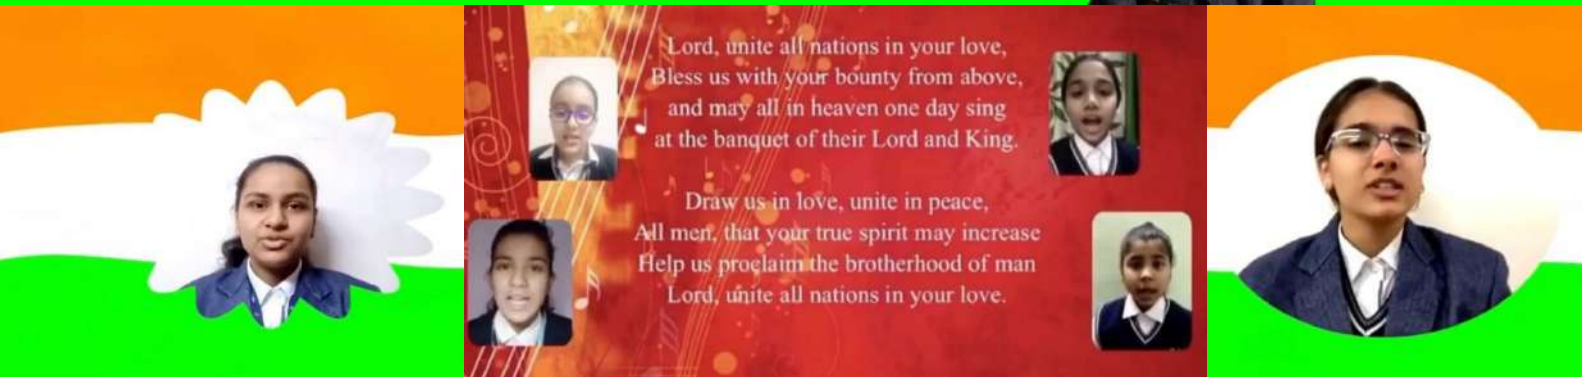

Teenagers might not have adult problems but they definitely have problems that are much bigger to them and their light of hope might just be a warm hug and thinking that life has greater things ahead for them. Somebody thoughtfully said, "Things get worse before getting better". So, if you are in a situation of difficulty, remember that it will get better and keep on going. Life is a ride full of ups and downs. The only thing that matters is how you deal with it.

Bhavika Kohli I-A

Republic Day

A vibrant Cultural programme was conducted over an E-Platform on 25th January to commemorate the adoption of the Indian Constitution which occurred on this day in 1949, Republic Day. The HCS Family celebrated this memorable occasion with various forms of dances (contemporary and Bhangra), melodious western as well as classical singing and a skit through which many HCS students expressed their patriotism with their exquisite expressions.

III- IV

Date
Thursday, 27th January 2022

Time
12:30pm – 1:30pm

Topic
Learning Styles

Followed by: One on one counselling sessions by Extramarks (limited seats).

Session on Learning Styles was conducted on January 27, 2022 for classes III and IV in collaboration with Extramarks Organisation. The session focused on imparting knowledge related to various styles of learning and identifying the learning style of students. Students were also guided with strategies to enhance their learning skills. Tips were also given to parents.

The world worries about Disability more than disabled do: Honouring the differently abled.

This is typically a sensitive topic for people who stereotype disabilities which aren't disabilities in real life. Some parents don't even support their own child or treat them the same way as other children. Not only parents but many people worldwide consider being 'differently- abled'- a disability. Everyone is concerned about their child having a good future and is ready to fight if the child is even a little uncomfortable. What about people who are "differently abled"? Are they not someone else's children? They are looked down upon by their own parents and by the whole society, bullied and some of them are even disowned by their own parents. "Treat everyone how you want them to treat you". If you are teaching this to your child or anyone else, then you should apply it on yourself as well.

Virtual Picnic for students of Primary

An enthralling experience of visiting Disney Land virtually was presented to all classes of primary on 30 September, 2021. The virtual picnic began with a roller coaster ride. This was followed by a magic show which was the star attraction. At the end of the day children danced to the tunes of Bollywood music.

Origin of the United Nations Organization (UNO)

UNO Day is observed on 24th October every year. The UNO originated from the Atlantic Charter drawn in the year 1941 which guaranteed the principle of equality of states and their freedom to choose any form of government. In 1942, the representatives of twenty-six countries put their signatures to the United Nations Declaration drawn on the lines of the Atlantic Charter. Generally, the Secretary General is the head of the UNO.

In the year 1945, the United Nations Charter was drawn up by the representatives of fifty countries at San Francisco on the basis of proposals by England, USA, Russia and China. The four basic objectives of UNO are: to maintain peace and security all over the world, to develop friendly relations among the nations of the world, to promote the social and economic progress of the world and to offer a common centre for mobilization of world opinion and actions. The UNO has six organs, namely- (1) The General Assembly; (2) The Security Council; (3) The Economic and Social Council; (4) The Trusteeship Council; (5) The International Court of Justice and (6) The Secretariat.

At present there are 193 members in the UNO.

UNITED NATIONS

UNITED NATIONS ORGANIZATION DAY (UNO DAY)

United Nations Organization Day is celebrated on October 24 every year, marking the establishment of the UN in 1945. The UNO day was first celebrated in 1948. The United Nations is an intergovernmental organization aiming to maintain international peace and security, to develop friendly relations among nations, to achieve international cooperation and be a centre for harmonizing the actions of nations. On this day, the UN Charter was ratified by the majority of signatories, including five permanent members of the Security Council, and this led to the official establishment of UN. The theme for UNO Day 2021 was 'Building Back Together for Peace and Prosperity'.

Children are the gifts of God; let them fly with their thoughts

To Become an Astronaut

I would really like to go to space.

Don't you know, it's a big place?

I like to travel through the stars and the moon.

It will come true very soon.

It looks like a mystery, but it will be a big victory.

To become an astronaut is not very easy.

It can make your whole life very busy.

Sanvi Suri

Riyanshi Nagpal II-D

Rishika VI-C

When someone asks, “What do you live for?”

Even when you fail, not once, twice or thrice
But so many times
That it kind of, becomes a part of your life?”
I say
I live for the moments
That can't be described in words.
I live for the moments
That cannot be expressed but only witnessed.
I live to see and leap up to opportunities,
For every day is full of specialities.
I live for the moments that are timeless
To go sometimes, in the blank lessness.
For the moments when the sun wakes me up
For the moments that I'm so excited for
That I can't catch up on my sleep.
For the moments, when fear scares me
Till the moment it gets scared of me.
I live to grow even if it means to go slow.
The moments of happiness radiate out of me
As if I'm its epitome.

I live for the moments which are truly magnificent,
Too magical to be experienced,
Too good to be true.
I live for the moments
That are in the present
Neither of the past, nor the future.
For it has been long since I moved on from the past.
As for the future- I have left it to me.
I take steps daily towards it,
No matter if it's rapid or slow.
It doesn't matter if I fail or succeed.
If I have got to experience something,
It's really worth it.
I live- as I know
There's a world beyond success and failures
There's a life, we miss on
Because we are too entangled in thinking
Where to go when we come down!
I live for the moments of fearlessness
Till we stare at each other in the eye
Until they die and I rise.

Raghavi Chakravarty, X-B

JOURNEY OF A MATH TEACHER- in view of Art Integration

If you are a teacher, you are probably an artist too. Everyday teachers play different roles in the lives of their students. Be it a dancer, poet, painter or a dramatist. Art Integration is an approach wherein students are given opportunities to get engaged in a creative process that connects the art form with the subject matter consequently meeting the learning objectives.

As per my prior experience, I have observed that there will always be some students in every class who do not find a particular subject interesting. Art integration has made me believe that nothing is difficult when it comes to teaching logical subjects such as Mathematics. Through Art integration, teachers can alter their ways to make the students understand those mind-boggling topics.

Online Teaching has taught me to come up with different techniques in teaching which enables students to understand Mathematics better thereby proving that Distance Learning is a boon as well.

From doodling in digits, reciting poems in addition class to drawing a scenery in division class, I discovered many ways in which the topics can be integrated. Unique and funny abbreviations helped the students to learn the steps of Multiplication and Division. After taking many online classes, I noticed that if the teaching methods are somehow correlated to a child's environment, he/she gets more involved. For instance, while teaching basic operations of Mathematics, the abbreviations which I came up with were related to their parents which ensured that the kids never forget the steps of Multiplication or Division.

It was really an enriching experience for the students as well as me, of having virtual fun learning activities such as Mental Maths parties, the multiplication table dances, enactment of word problems and digital games. Some of the sessions included games like Bingo and Tambola which acted as a catalyst to boost excitement level of kids. Due to all these methods of teaching, even the academically weaker students participated enthusiastically which resulted in quick and better understanding of the topics. To conclude, Art Integration has not only made the students feel comfortable and confident with the subject but also the teachers have explored a different talent in themselves by discovering, creating and executing fun learning activities. It has widened our horizons from being a subject teacher to an art integrated subject teacher. At the end, I would like to conclude by saying that I not only have gained more confidence of my students and also have received a lot of personal satisfaction.

- Mrs. Prerna Malhan (Primary Teacher)

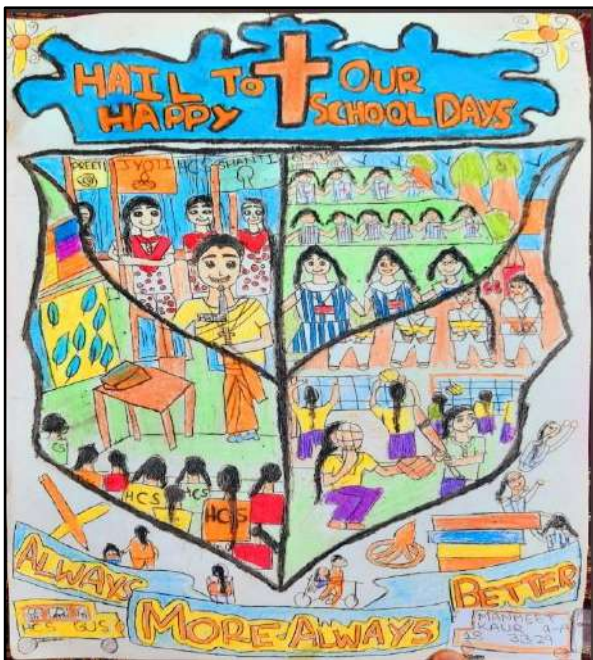

Reminiscing Regular School Life During Pandemic

Now when I recall those days
The moments with my friends, our naughty
ways,
Only remembered as a precious memory
Seemed like we ended the story.
The last day I met my intimate,
Who knew what we had in fate?
Eating with friends, scratching on the wall
Will get reduced to just a video call?
Thanks to our teachers, we had classes online
At least our studies weren't left behind
Though it can never match the fun offline
They only exist as a dream of mine.
Aarohi Banerjee

I am your school
My dear children, I am your school. For the past 2 years, I have been waiting for you to come and play on my ground and enjoy the swings. I am your school. For the past 2 years, I have not heard any giggles and laughter from my children. My classrooms are empty and my labs have no experiments. My auditorium is waiting for you to perform.

I am your school. My children, please come and save me. Oh my god, please help us get rid of this Corona and send my children to school. I am longing to meet and embrace them. Children when I miss you, I try to find you and when I will find you, I will miss you even more.

I am your school.

वे स्कूल के दिन

हर रोज़ सुबह आवाज़ जो आती थी
 "स्कूल नहीं जाना है आज?"
 उसकी याद आती है आज- कल
 वो हर रोज़ सुबह ठंड में ब्लेजर में हाथ डाले
 सिर पर मफलर लपेटे
 स्कूल को कोसते हुए
 उस बस का इंतज़ार जो हम करते,
 वो आज भी याद करते
 स्कूल के थे जो दिन वो,
 मौज मस्ती करते थे हम जो
 वो कॉरिडोर में शोर मचाना
 फिर टीचरों से डाँट खाना
 किसी आधे अधूरे काम को
 चलती क्लास में करना
 वो स्कूल के दिन थे जो
 जब बिना टीचर के पूरे स्कूल को उठाया है
 सर पर
 फिर जब प्रिंसिपल आके डाँटती
 तब भी वो हम ही थे,
 जिनपर डाँट असर कभी न करती
 वो स्कूल के दिन थे जो
 घर बैठे याद कर रहे अब ।

खतरनाक सबसे ज़्यादा दिन जो-परीक्षा के थे वो
 वो परीक्षा के दिन घर से दही- चीनी खाके निकलना
 वो परीक्षा से पहले प्रेयर रूम में जाना
 वो परीक्षा के वक्त थोड़ी नकल करने का सोचना
 वो परीक्षा के बाद उस साल की आखिरी पठवनि
 फिर अगली बार रिपोर्ट कार्ड के लिए जाना
 पैर थर-थराना , दाँत कप-कपाना , डर के मारे जान सूख
 जाना
 कुछ ऐसी ही तो होती थी हम सभी की हालात
 अच्छे अंक देखने की देर ही होती
 की दिल में ऐसे पटाखे फूटते और खुशी के ठिकाने न
 रहते
 अगले साल जाते जब हम
 नए दोस्त बनाने निकलते थे हम
 एक दो महीनो बाद शुरू हो गयी दोबारा से कहानिया
 पुरानी
 शरारतें करने लगे कुछ नयी तो कुछ पुरानी
 फिर साल जो बीता
 कहा जानते थे साल था वो आखिरी हमारा
 कहा जानते थे की उसके बाद तो घर में है बंद हो जाना
 अब तो ऑनलाइन ही है
 अब तो एसएमएस ही है
 अब तो दोस्त ही नहीं है
 अब तो स्कूल की जिंदगी का मज़ा ही नहीं है ॥

Music washes away from the soul the dust of everyday life :

Significance of Music

Music is the language everyone understands even if the lyrics go over your heads. It is mesmerizing to see someone with their eyes closed, maybe recalling those moments so nostalgic and immersed in the present magic just flowing, wherever it takes. Nothing but just music and someone in their own world discovering something every moment up, up and again bringing yourself close to something that's too phenomenal to be described as it can only be witnessed, not expressed. Bringing one to a world whose location isn't known as music is, and will always be known for the magic it shows.

Raghavi Chakravarty
X-B

Humankind and art cannot function without each other. Be it sadness, envy, joy, frustration or love, music can help you get through anything. The power of music can help you loosen up and dance to its beats or it can make you cry with its raw beauty. It can help you sleep after the end of a long, tiring day or it can help you wake up and fill you up with energy.

The great thing about music is that it is ingrained in all of us. If people open themselves up, everybody may comprehend it and feel something. It transcends all boundaries of communication because you can speak and tell stories to someone on the other side of the planet, even though you both don't speak the same language. But I believe that it's important for everyone to have an open mind in order to be in touch with that sense of understanding. Art's universal language has an impact on everyone.

Samridhi Talwar

"Music washes away from the soul the dust of everyday life" by MR. Berthold Auerbach.

Music plays a very significant role in our lives. It is something which has no language barrier. There is always a perfect connection between the type of music we listen to and our life. Music is a universal gift which definitely has the power to connect and transform the emotions of people in no time. A world without music would be nothing. Music, since the very beginning has been the best friend and a precious gift to humanity which will continue to help us at all times especially during our worse and difficult period of life.

Staying Hopeful in Tough Times

Staying Hopeful In Tough Times

Accept the tough situation and stay determined
Stay strong to face this arduous phase of life
Not every day is worst
Not every day is best
Keep the hopes high
The challenges ahead are not going to rest
Thousands of beautiful things are waiting for you
Millions of bright stars there , just look up at the view
Hope is the ray when everything seems dull
Stay positive always , soon everything is going to settle
Worry less and smile more
Hope is the open window
When all doors seem closed Oh dear, success is on your way
Just have patience and work hard more
Never break your Trust in God
Never think that all the ways
are blocked
Remember that tough times don't last
But tough people and tough thoughts always do last.

Twinkle Kataria, IX- B

Staying Hopeful in Tough times

When you're down or feeling low
Remember the little blessings and chase the rainbow!
Stay hopeful and it will help you grow
Change can take a while but you'll surely glow.
Despite of being surrounded by darkness,
Those brooding thoughts you have to fight
Hope is the only thing that can help you
To find the way to where there is light.
Hope will help you shine, not like the stars
But like the only moon,
Let's join our hands and pray to God
And HOPE this pandemic to end soon!!

Vedika Bhatt, VIII-B

For once just live your life. Problems and worries are temporary. They will stay for a time and go but the chance of living your life every second won't come back.

There are so many things we can't explain. Often a lot of things happen and we are forced to deal with the outcome but look at the brighter side, you learn something from those deals.

I know it's hard, I know getting up every day and thinking what worse will life bring to us but you can't give up. You can't just stand still and wait for the worst to happen. You have to learn how to accept and how to look up to yourself.

For once just be carefree like a child, let life bring what it wants.

Face it like the warrior you are. Face it just like you faced all your problems.

You know it's well if you are facing them. Be grateful that life is teaching you something. Be grateful you know what's right and what's wrong. Be thankful that you understand everything and you know how to deal with it. Even if you don't know how to deal with it, still some or the other way you pass through that situation.

Why to worry? It's life. Life can never be easy buddy. It will have speed breakers and high waves. It will have its own natural disasters. You need to be your own warrior, be the hero to your own story. Be the main character and live it. Stop existing and start living. You never know what will happen so why to overthink about it. Let it come. Just accept your fate. Trust your fate. Believe me your fate will always bring the best for you.

Ishita Lal VIII-D

“Healing gradually takes place if you are with nature.”

It is odd that we have such a small association with nature, with the insects and the leaping frog and the owl that hoots among the hills, calling for its mate. We never seem to have a feeling for all living things on the earth. If we could establish a deep abiding relationship with nature, we would never kill an animal for our appetite; we would never harm, vivisect, a monkey, a dog, a guinea pig for our benefit. We would find other ways to heal our wounds and our bodies. But the healing of the mind is something totally different. That healing gradually takes place if you are with nature, with that orange on the tree and the blade of grass that pushes through the cement, and the hills covered, hidden, by the clouds.

IMPORTANCE OF EXAMS

“Winning is not everything but wanting to win is everything”

We can gain knowledge and exams are just a part of testing that knowledge. Many students build a great personality and extraordinary qualities in their life because of exams. Through examinations, students can know their limitations and are made academically competitive. It might also generate interest and excitement on topics that they might not be interested in earlier and develop a will to do better. They can improve their level of knowledge and confidence. We can know the capability and skill of a student only through examinations. Exams also play a really important role in a student’s life in deciding their future.

Vaishnavi VII-A

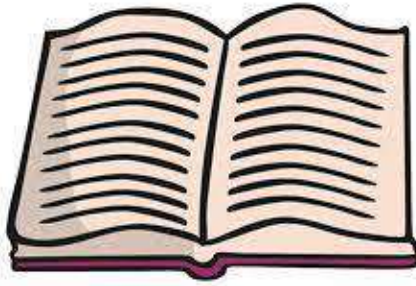

TIPS TO ACE YOUR EXAMS

- 📌 CREATE A STUDY PLAN
- 📌 ORGANISE THE STUDY SPACE
- 📌 TAKE REGULAR BREAKS
- 📌 FOLLOW A HEALTHY DIET

- 📌 MAINTAIN A PROPER SLEEP ROUTINE
- 📌 READ ENTIRETY & MAKE BRIEF NOTES
- 📌 GO THROUGH PREVIOUS YEARS’ EXAM QUESTION PAPERS

ROLE OF EXAMS

IN A

STUDENT'S LIFE,

Exams are an inevitable part of anyone's life whether be it an exam that could decide our life or a regular class test. As a student, exams are not just to print a report card and elevate them to a next class rather it is the result of the knowledge we gain every year and how much we can retain.

Many pupils think that exams are of no use and if they had studied a topic once what's the point of doing it again. Undoubtedly, they are not wrong on their part but they are also not completely right. Exams are not just held so that we get a sharp rebuke from our parents if we don't pass or if we get a treat from them if we pass with flying colours, but indeed they are a result of the knowledge inculcated by us and how well we can present and profess it. Exams may vary in length, content, and delivery modes. But they share a common goal to assess the students' own original content. Exams help improve the individual's knowledge because they provide regular feedback to the students who acknowledge their shortcomings and work on them.

Gitanjali Chugh IX A

Offline education provides the students as well as teachers an interactive and engaging environment to communicate, learn and share their learning experiences. It also inculcates the students with a sense of discipline, punctuality, commitment, loyalty, respect and obedience towards everyone which will be fruitful for their future endeavours. They learn to love, empathize, share and care with their friends and classmates in the physical environment which is created at school. This helps in their holistic and intellectual development and the overall expansion of their personality and character. They become socially reliable, trustworthy, and learn the qualities of kindness and compassion.

VICTORY OF GOOD OVER EVIL: THE FESTIVAL OF DUSSEHRA

यतो धर्मस्ततो जयः।

Where there is Dharma (performance of one's duties), there is victory.

Dussehra is celebrated in the honour of Lord Ram's victory over Ravana. It marks the victory of good over evil. But did the evil Ravana truly die?

No, the evil still persists within us when we are in the following situations:-

- Greed to acquire other's wealth and resources
- Being envious of other's capabilities
- Displaying egoistic attitude
- Considering ourselves superior to others
- Showing anger on nonfulfillment of our desires and feeling of contentment on other's loss.

Hence, on Dussehra we should not only burn the effigies of Ravana, Meghnath and Kumbhkarna but we should also make efforts to overcome these shortcomings and live a pious life portrayed by Shri Ram.

Advika Vohra

Rishika VI-C

Shivali Sharma III-C

Yadvi Lal III-B

Dussehra is a festival that is celebrated every year by Hindus in India. It is also known as "Vijayadashami". Every year during the Hindu Month of Ashwin, Ramleelas are organised to celebrate and commemorate the victory of Good over Evil.

On the last day of Ramleela, our Lord Rama killed Ravana. That is why it is celebrated as the victory of Good over Evil. On this day effigies of Ravana and Kumbhakaran are burnt, melas are organized, bazaars are decorated and food stalls sell street foods.

Schools and offices are closed on the day of Dussehra. This festival is celebrated in India and in some neighbouring countries as well. Children dress up as Ram. Sita and Lakshman.

GURU NANAK JAYANTI

ਦੁਨੀਆ ਦੇ ਕਿਸੇ ਵੀ ਆਦਮੀ ਨੂੰ ਉਲਝਣ ਵਿੱਚ ਨਾ ਪਾਓ. ਗੁਰੂ ਤੋਂ ਬਿਨਾਂ ਕੋਈ ਵੀ ਤੱਟ ਤੇ ਨਹੀਂ ਜਾ ਸਕਦਾ ॥

Let no man in the world live in delusion. Without a Guru none can cross over to the other shore.

GURU NANAK CAME TO REDEEM THE DARK AGE

The word prakash means bright light and purab means a festival/occasion. So it is said that when Guru Nanak Dev ji (or any guru) of Sikhism incarnated in this world, the whole world was enlightened. With the emergence of the Guru Nanak, the mist cleared and the bright light scattered all over the world. We know that someone who is born has to die. Guru Nanak is considered to have departed his mortal body only while his jot (divine light) is immortal and passed through each succeeding Gurus and now resides forever in Guru Granth Sahib. Gurupurab is celebrated on the full moon day of the month of Kartik, also known as 'Kartik Purnima'

In today's world there exists a clash of civilizations. Hatred among different religions is growing to a great extent. Discrimination on the basis of caste, creed, gender and color still exists in the society. Guru Nanak's teachings are very relevant in this modern world and it can pave the way for a peaceful world. He preached about the existence of one god and taught that God resides in every human being. God sees love, devotion and faith and not mere rituals. His first sermon to people was 'na ko hindu na musalman' –there is no Hindu or Muslim. All are the children of the one and only Almighty. Interestingly, he travelled extensively throughout the Indian subcontinent and apart from India, he visited Sri Lanka , Mecca (Saudi Arabia), Iran, Iraq and Afghanistan. He travelled for almost 20 years. The purpose of his journey was the welfare of humanity. He preached a new way of truthful and spiritual life.

He spread the message of "Kirat Karo – earn with honesty, Naam Japo-recite god's name and Vand Chakko – share with the

Tejal Kaur, X-B

Guru Nanak Dev ji was the first guru of the Sikh religion. He taught the world that there is only one god and we, the humans, are the ones who have made religions and segregations. He always followed the path of 'Naam Japna'. Guru Nanak Dev Ji also started the practice of langar where the people sat together to eat food irrespective of what religion they followed. The practice of langar is still followed in Gurudwaras all over the world.
Mandeep Kaur Hora IX-C

Aarohi Banerjee VIII-C

Arshdeep Kaur IV-D

Celebrating Guru Nanak's Birthday

Shri Guru Nanak Dev Ji was the greatest revolutionist and humanist the world has ever produced. He was a social reformer, political rebel, pioneer of interfaith dialogue and Indian Nationalism.

Shri Guru Nanak Sahib has prescribed a Code Of Conduct for life on page number 595 of Shri Guru Granth Sahib Ji.

"Mun haalee kirsaani karnee saram paanee tan khet.

Naam beej santokh suhaagaa rakh gareebes wes.

Bhaao karam kar jammsee se ghar bhaagath dekh. "

This means, "For farming of this body, make your mind the plough, water with your labour. Sow the seeds of the Name of God; cover the seeds for protection with earth by leveling planks of contentment. Fence it with your humble living. It will germinate and flourish with your loving deeds, and change your fortune"

In all religious traditions, women are looked down upon by men and deemed to be impure during periods or menstruation.

"So kyon manda aakhiye jit jamme rajan"

But Shri Guru Nanak Dev ji declared that due to natural physiology you couldn't blame her. Why should we consider women as impure, cursed and condemned, when from women, saints and rulers are born. Without a woman, there could be no human birth.

Guru ka langar- which is a symbol of equality and simplicity was introduced by Guru Nanak Dev ji. The best religion is to always remember the name of God and do good deeds and to realize the truth that all human beings belong to one religion.

शुभा दीपावली

दीपों का त्योहार – दिवाली

दिवाली का त्योहार आया
चारों ओर खुशियाँ लाया
हर तरफ खुशाली छाई
सब लोगों ने रंगीन रंगोली बनाई

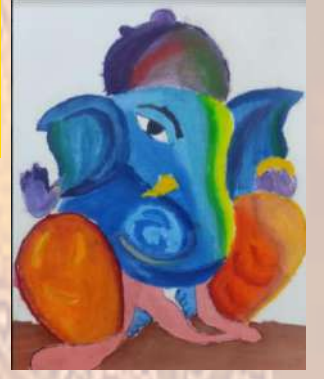

दिवाली का त्योहार आया
है हर ओर दीपों की रोशनी
है हर घर के बाहर रंग – रंगीन रंगोली
है पूरे संसार में खुशियाँ
होए लक्ष्मी – गणेश की पूजा हर एक घर में

लाया नए उपहार ये त्योहार
भर के खुशियाँ लाया ये त्योहार

इस त्योहार सब से मिलते हैं हम
घर – घर जाकर शुभकामनाएं देते हैं हम
गली – गली जाकर दीपक – मोमबत्ती जलाते हैं हम
बाहर जाकर खुशियाँ बाँटते है हम ।।

**Everyone who is born in this great land
has only one identity**

Here I am reciting a short poetry on
We all are Indians: HAPPY REPUBLIC DAY

I salute my flag, it makes me proud
I am an Indian, it says out loud.
Three bright colours, adorn my flag
Saffron, white and green,
Make me glad
I salute my flag, it makes me proud
I am an Indian, it says out loud.
The Ashoka Chakra, blue on white
Spins for progress, flying high.
I salute my flag, it makes me proud
I am an Indian, it says out loud.

VACCINATION CAMP

A vaccination camp was organised in the school premises on 31 January for children administering first dose and on 28 February for the students who did not take their first dose and also those who had already taken the 1st dose and their 2nd dose was due in the month of February.

A Mobile medical unit with a medical team supervised the drive and around 105 students were vaccinated on 28 February. Similar camps were organised for students between 12-14 years of age.

Blessing Ceremony 2021-22

15 March 2022, Tuesday, New Delhi: Blessing Ceremony was held for class XII students of the 2021-22 batch in Holy Child Sr. Sec. School, Tagore Garden. The event which was held in the school hall commenced at 11.00 am. It took place in two sessions with the students of classes XII A and XII D being called first followed by the blessing ceremony for classes XII B and XII C.

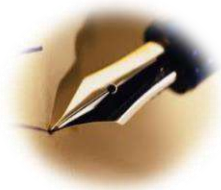

The ceremony was a solemn gathering with the Manager, the Principal, and the teachers of the school seeking God's Blessings on the students who would soon leave the institution and step out into the challenging world. The event began with the welcoming of the students by the teachers followed by a reading from the Holy Bible. Then the manager of the school Rev. Sr. Divya gave a speech and explained the value of life to the students through a simple yet enlightening story. This was followed by prayers, blessings, and heart-touching wishes by other teachers. Then the Principal Rev. Sr. Mallika gave her speech and inspired the students to keep working sincerely hard to achieve their goals. Then speeches were given by the Head Prefect, the Deputy Head Prefect, and some of the students narrating their experiences during the past 12 years and expressing their gratitude towards the school. This was followed by instructions given to the students for the board exams and the vote of thanks. The school song was sung by the students and teachers in unison. After that, the school's student council was felicitated with trophies and certificates by the Principal. Students were also awarded certificates for exhibiting good behaviour in the online classes conducted during the pandemic. The ceremony ended with the class teachers doing 'Aarti and Tilak' of the students wishing them good luck for the upcoming exams.

Similar ceremony was held for the students of class X on 16 March.

-Ann Riya Selvi XII D, Head Prefect, HCS
